Independent Textile Testing Service, Inc.
1503 Murray Avenue
Dalton, GA 30720

Attention: Mr. Harry Fry/Mr. Greg Phillips

Gentlemen:

Provided herewith are ninety carpet tile samples to be tested in accordance with contract number 87-D306405-000. The carpet tile samples are from nine separate production runs. Ten tiles are provided from each production run. The production/sample unit, register number, and dye lot are recorded on the backing of each carpet tile. A summary of the carpet tiles provided herewith are as follows:

<u>Production/ Sample Unit</u>	<u>Register Number</u>	<u>Dye Lot</u>	<u>Number of Tiles Provided</u>
1	YXE064	4P901	10
2	YXE133	4P901	10
3	YYE243	4P902	10
4	YYE518	4P903	10
5	YYE623	4P903	10
6	YYE644	4P903	10
7	YZE010	4P903	10
8	YZE157	4P903	10
9	YZE333	4P904	10

Carpet tiles from each production/sample unit should be tested for dry and wet crocking, tuft bind, tear strength, delamination strength, shrinkage, pile yarn weight, pile thickness, and stitches. In addition,

OL 2053-87

carpet tiles from production/sample units 1 and 5 should be tested for flammability, and carpet tiles from production/sample units 2, 3, 4, 6, 7, 8, and 9 should be tested for dimensional stability.
